

How to Fix a Loose Car Window

It happens a lot: the car window goes all loose and falls out of its tracks. Here we fix it. Watch the video

Written By: jon

INTRODUCTION

What the video for how to fix a detached and loose car window. Here it is on an MG Rover ZS, like a Honda Civic, but it's applicable to a lot of cars.

Step 1 — How to Fix a Loose Car Window

- Go direct to YouTube in order to read the video description by clicking this link:
